What's your favorite song?

Michikazu Matsune | Favorite Songs of Düsseldorf

Which song is on repeat for you? Which one gives you instant goosebumps? And which one takes you back to the best day of the year? Favorite songs can be love letters, protest anthems or the soundtrack to an unforgettable moment, and every one of them has a story. Vienna-based artist Michikazu Matsune asked Düsseldorf exactly that. At this year's Impulse Festival in June he collected tons of songs, and now they're all in a booklet. At the presentation he'll also tell you who he met and which songs shaped the project. Come along, listen in and maybe find your next earworm!
