

# Hiking tour to the castle „Schloss Burg“

One of the most beautiful hiking tours of NRW lies right outside your door. Our tour begins at the Müngstener Brücke, which is, at 107 meters, the tallest steel truss bridge in Germany. We will follow the river Wupper to the main attraction of the Bergisches Land: Schloss Burg.

The excursion takes place on Sunday, 10th September. We depart at 11.40 am, and we expect to return at 7 pm. We will inform you about all the details after the registration. Please register by 6th September.

Fees: the entrance into the castle and into the Bergisches Museum costs 4 euro. (for students without student ID: 4,50 euro).
