

# A journey of discovery through the VHS organic garden

The "VHS Biogarten" in the Südpark is a place of peace, relaxation and well-being. A small Garden of Eden - here you will find a multitude of natural habitats with wild flowers, garden and vegetable plants and fruit trees, as well as additional habitats for native insects and animals. Without pesticides, a piece of nature thrives here and there is much to observe and explore. Accompany our gardener through the 3.400m<sup>2</sup> garden and get a small insight into the natural garden design and care.

**WHEN: Friday, 10th October 2019, 14:00 - 15:00 a.m.**

**WHERE: "VHS-Biogarten" in the Südpark Düsseldorf**

Please register by the 7th October 2019, you will be informed about the exact meeting point after the registration. In cooperation with the VHS Düsseldorf. This tour is in German.
