

# A day in the open air museum Hagen

The LWL open-air museum in Hagen offers many reasons for a visit: historical machines, many traditionally manufactured products and idyllic nature. It is located in a beautiful elongated valley with some slopes and presents buildings and workshops from the end of the 18th century to the 1960s. **During a natural history tour (in English) on 23.10.2021 we will discover species-rich habitat and afterwards we will have the opportunity to visit the workshops and exhibitions.**

The registration deadline is 20.10.21. to [kultur@stw-d.de](mailto:kultur@stw-d.de), the exact meeting point will follow after registration. The excursion is free of charge for you and the return is planned for about 6 pm. Throughout this day trip we are all required to follow the current Corona Protection Ordinance.
