

Neanderthal Museum

On the trail of our ancestors!

Travel back to the Stone Age with us and discover how our early ancestors lived! During a guided tour, we learn more about the history of mankind, from evolution to everyday life. After the museum visit, it's time to roll up our sleeves and try things out for ourselves! In the Stone Age workshop, we try fire-making and archery. Our day ends with a short hike through the nature reserve. An unforgettable experience awaits you!
